27 July 2012

Dear Mr Fleischer

Re - Google Street View WiFi collection

Thank you for your letter of 27 July 2012.

I am grateful for the information that you have provided confirming that Google still has in its possession payload data collected by the Street View vehicles operated in the UK. I also welcome your commitment to continued cooperation with the ICO on this matter.

I confirm that the ICO do now intend to examine the contents of the remaining UK payload data and I ask that the data is stored securely until such time that we can complete our examination. Once that examination has been completed I will be in a better position to advise you on how to proceed in terms of destruction. In the meantime, could you please start the arrangements to enable us to examine the data as soon as practicable.

Yours sincerely

Steve Eckersley
Head of Enforcement
