Q8 Please provide any further comments or suggestions you may have about the draft guidance.

In relation to the section headed, "What about requests for health data from a third party?" (p66), we believe it would be helpful to draw attention to the fact that failure by a data controller to respond appropriately to a legitimate Subject Access Request from a third party - may lead to some (e.g. solicitors), making an application to the local court for pre-action disclosure resulting in costs (between £800- £1200) payable to the third party.
