Request

You requested separate figures for the retail and manufacturing sectors in our [data security incident trends datasets](#).

Your request, received on 9 May 2023, has been handled under the Freedom of Information Act 2000 (the FOIA). As you are probably aware, this legislation provides public access to recorded information held by a public authority unless an appropriate exemption applies.

Response

I can confirm that we hold some information in scope of your request.

It is not possible to separate the retail and manufacturing sector into 'retail' and 'manufacturing'. However, within this sector we categorise cases according to the following subsectors: 'manufacturing', 'supplier of goods', and 'supplier of services', and 'unassigned'.

We have attached a CSV file containing figures for the relevant subsectors by year and incident type.

The incident trends datasets are intended to provide only a broad overview of the type of reports we receive. We do publish more detailed datasets of our [data breach casework](#) which are likely to be of interest to you.

This concludes our response to your request.
