Request

You asked us:

How many data breach referrals have you received from South Wales Fire and Rescue Service?

We received your request on 5 July 2023.

We have handled your request under the Freedom of Information Act 2000 (the FOIA).

Our response

I can confirm that we hold information in scope of your request.

I have carried out searches of our case management system for data breach reports from South Wales Fire and Rescue Service (SWFRS).

These searches have identified five data breach reports that we have received from SWFRS.

It may be of interest of you to know that we proactively publish information on the breaches reported to us by organisations in our [personal data breach datasets](#), which can be accessed via our website. These datasets would include any future breaches reported by SWFRS. We also publish several other [complaints and concerns datasets](#) that may be of interest to you.

This concludes our response to your request.

Next steps

You can ask us to review our response. Please let us know in writing if you want us to carry out a review. Please do so within 40 working days.

You can read a copy of our full review procedure [here](#).

If we perform a review but you are still dissatisfied, you can complain to the ICO as regulator of the FOIA. This complaint will be handled just like a complaint made to the ICO about any other public authority.

You can [raise a complaint through our website](#).

Your information

Our [Privacy notice](#) explains what we do with the personal data you provide to us, and set out your rights. Our retention schedule can be found [here](#).

Yours sincerely
