Request

You asked us if Aurora Staffing Solutions Ltd reported a data breach to the ICO that occurred in November 2023.

We received your request on 24 January 2024.

We have handled your request under the Freedom of Information Act 2000 (the FOIA).

Our response

I have searched our case management system using the details that you provided within your request. We have searched our systems for a data breach report submitted by "Aurora Staffing Solutions", I have also searched for a variation of the name such as "Aurora Staff" and "Aurora Solutions". I can confirm that we don't hold a copy of a data breach report that matches your description, therefore no information is held in relation to your request.

Please note that not every personal data breach is reportable, there is a possibility that Aurora Staffing Solutions has determined that the breach did not meet the threshold for reporting to the ICO.

If you or another individual have been affected by a data breach and wish to raise a complaint with us about it, you can do so via our website [here](#).

This concludes our response to your request.

Next steps

You can ask us to review our response. Please let us know in writing if you want

us to carry out a review. Please do so within 40 working days.

You can read a copy of our full review procedure [here](#).

If we perform a review but you are still dissatisfied, you can complain to the ICO as regulator of the FOIA. This complaint will be handled just like a complaint made to the ICO about any other public authority.

You can [raise a complaint through our website](#).
