Request

You asked us:

"Could I please have a copy of your most recent Organisation Chart and list Current/ future Projects and associated timelines for your digital, data, technology, HR or Project Team?"

We received your request on 8 April 2024.

We have handled your request under the Freedom of Information Act 2000 (the FOIA).

Our response

We can confirm that we hold information in scope of your request.

Please see attached the organisational chart for our People Services and Digital Data and Technology (DDaT) directorate and the current and future projects as recorded by these teams.

It is important to note that the DDaT project roadmap is a draft document and has not yet been finalised. The projects for both teams are subject to necessary internal and external approval, so whilst these are currently the expected projects and timelines, these may change.

The organisational charts are a list of job titles that work under these directorates (project staff are included within DDaT), we do not hold an organogram for these teams.

This concludes our response to your request.

Next steps

You can ask us to review our response. Please let us know in writing if you want us to carry out a review. Please do so within 40 working days.

You can read a copy of our full [review procedure](#) on our website.

If we perform a review but you are still dissatisfied, you can complain to the ICO as regulator of the FOIA. This complaint will be handled just like a complaint made to the ICO about any other public authority.

You can [raise a complaint](#) through our website.
