### Request

You asked us:

*Please include the following information for the following years, 2019/20, 2020/21, 2021/22 and 2022/23:* 

A list of all the staff networks at the organisation

Whether each network receives internal funding and, if so, how much (please express annually for the last four financial years)

How much FTE equivalent staff time each network is entitled to. For example, a staff network may have a chair who's entitled to spend 10% of their working hours devoted to the network (please express annually for the last three financial years)

A list of events that each network has held in this financial year so far (April to the present day), including the title of the event, information on any guest speakers and the time of the event

We received your request on 13 March 2024.

We have handled your request under the Freedom of Information Act 2000 (the FOIA).

#### **Our response**

We do hold information within the scope of your request.

The ICO has the following staff networks:

- Access and Inclusion Network
- Healthy Minds Network
- Menopause Network
- Pride Network
- REACH (Race, Ethnicity, Culture, Heritage) Network
- Women's Network

During the years in scope of the request, there were no dedicated internal funding budgets allocated to the networks, although ad hoc requests for funding certain nominal costs associated with meetings in person have been approved on occasion.

Each of the networks has four roles, though each network manages them differently to complement the needs of those in post, and the needs of that network. These roles were introduced in 2022, prior to which there were no formal roles and the networks would allocate tasks to their volunteers according to availability and need.

The roles are:

Chair or co-chairs, Deputy chair, Communications officer, Membership officer.

From 2022, each role had a 5 hour per month allocation of staff time, which was increased to 10 hours in 2023. However, this is provided as guidance only and the amount of time each volunteer will dedicate to network tasks will fluctuate depending on the individual's availability within the constraints of their main job role, the needs of the network and any other commitments that they may have.

Details of network staff events are below. Events did not have guest speakers unless otherwise stated.

# FOIA section 40(2)

Some third party personal data has been withheld from our response as explained above.

Section 40(2) of the FOIA exempts information if it is personal data belonging to an individual other than the requester and it satisfies one of the conditions listed in the legislation.

We find that the condition at section 40(3A)(a) applies in this instance: that disclosure would breach one of the data protection principles. The principles are outlined in the General Data Protection Regulation (GDPR) with the relevant principle on this occasion being the first principle as provided by Article 5(1): that personal data shall be processed lawfully, fairly and in a transparent manner.

We do not consider that disclosing this information into the public domain is necessary or justified. There is no strong legitimate interest that would override the prejudice to the rights and freedoms of the relevant data subjects. We have therefore taken the decision that disclosing this information would be unlawful, triggering the exemption at section 40(2) of the FOIA.

This concludes our response.
