ICO Case Reference IC-341934-T4P0

Request for information

Request received 1 November 2024:

"I would like to make an FOI request in relation to the Data Protection Registration Certificate for the Police and Crime Commissioner for Gloucestershire.

The PCC for Gloucestershire's own website displays a registration certificate which expired on 2 Dec 2023.

The ICO website displays a different certificate which expires on 2 Dec 2024.

My question is was there a period of time when the PCC's registration expired and a new certificate was not in place?

When did the PCC office renew their registration certificate which expired on 2 Dec 2023 and when was the new certificate (expiring in 2024) issued by the ICO, please?

If there was a period of time when there was no current certificate in place is there any fine or sanction for the PCCs office?"

Your request has been handled under the Freedom of Information Act 2000 (the FOIA). This legislation provides public access to recorded information held by a public authority unless an appropriate exemption applies.

Our response

We hold some information in scope of your request. Payment for renewal of the PCC for Gloucestershire's Data Protection Register certificate was received on 18 December 2023. We re-register data controllers on the public register of data protection fee payers once payment is received. Changes to the register may take up to two working days to appear. Registration renewal payments

cover the twelve-month period from the previous date of registration expiration so the issuing of the current certificate was backdated to 2 December 2023. No fine or sanction was issued for late payment.

You can read more about the register of data protection fee payers in our [Guide to the data protection fee | ICO](#).

This concludes our response to your request.

Next steps

You can ask us to review our response. Please let us know in writing within 40 working days if you want us to carry out a review.

You can read a copy of our full [review procedure](#) on our website.

If we perform a review but you remain dissatisfied, you can [raise a complaint](#) to the ICO as regulator of the Freedom of Information Act. This complaint will be handled just like a complaint made to the ICO about any other public authority.
