Request

You asked us for confirmation of whether the ICO has received a report of a personal data breach by Weaver Trust Limited.

We received your request on 13 December.

We have handled your request under the Freedom of Information Act 2000 (the FOIA).

Our response

We do not hold any information within the scope of your request.

We have no record of any data breach having been reported to us by Weaver Trust Limited.

If it is possible that the organisation could have reported the breach to us under a different name (such as a connected company), then we would not have found it in our searches in relation to this request.

We would also advise that not all data breaches need to be reported to the ICO, guidance about when a breach should be reported can be found on our website [here](#).

Further guidance for people affected by a data breach, including how to make a complaint to the ICO can be found on our website [here](#).

Next steps

You can ask us to review our response. Please let us know in writing if you want us to carry out a review. Please do so within 40 working days.

You can read a copy of our full [review procedure](#) on our website.

If we perform a review but you are still dissatisfied, you can complain to the ICO as regulator of the FOIA. This complaint will be handled just like a complaint made to the ICO about any other public authority.

You can [raise a complaint](#) through our website.

Your information

Our [privacy notice](#) explains what we do with the personal data you provide to us, and sets out [your rights](#). Our [Retention and Disposal Policy](#) details how long we keep information.

Yours sincerely
