Further information

Personnel files

Physical and electronic records are held for each member of staff. Data is held securely on ICO systems and at our premises. Some data is held securely with our off site storage contractor Restore PLC. A link to their privacy notice can be found in Annex A.

You can request your personnel file by emailing the HRteam or by submitting an access request to accessicoinformation@ico.org.uk. You can also make a verbal request for your information. You will not be able to take away your physical file. Your request will be handled outside the case management area with restricted access. We will consult internally with members of staff who might hold personal data about you.

Car park scheme

The car park scheme is operated by staff, though the ICO does process some of the personal information of scheme members in order to make deductions from your salary. Our facilities department also hold vehicle licence plate details linked to you. These details are deleted when members leave the scheme.

Staff surveys

We conduct most staff surveys via the cloud based platform Snap Surveys. Any data collected by Snap Surveys for us is stored on UK servers. A link to their privacy notice can be found in Annex A. Staff at Snap Surveys cannot gain access to this data. The data is only available to a small number of ICO staff who are responsible for running or administrating the particular survey.

Most survey questions require quantitative responses, however some free text boxes are included. We would advise you not to share identifiable information about yourself in these boxes if you wish to remain
anonymous. When appropriate we will also provide ‘just in time’ privacy information regarding specific surveys.

We also use an independent research company, BMG Research, who conduct our Health and Wellbeing surveys. We will provide them with your ICO email address to send you the survey invitation. Your completed survey will go directly to BMG, it will not be seen by anyone at the ICO. Before being shared with the ICO the survey results will be broken down into reports by BMG, e.g. for teams but not for teams with fewer than 10 people so that anonymity is protected. A link to the privacy notice of BMG research is available in Annex A.

Whistleblowers

The ICO has a policy and procedure in place to enable its current staff and ex-employees to have an avenue for raising concerns about malpractice. If you wish to raise a concern please refer to 'Speak up' - The ICO's whistleblowing policy and procedure. Information in this context is processed by us because it is necessary for our compliance with our legal obligations under the Public Interest Disclosure Act 1998 and The Public Interest Disclosure (Northern Ireland) Order 1998.

Although every effort will be taken to restrict the processing of your personal data and maintain confidentiality whether this is possible will be dependent on the nature of the concern and any resulting investigation.

Equal opportunities monitoring

Equal opportunities information provided by job applicants is attached to the relevant application on our applicant tracking system Vacancy Filler when you apply for a role at the ICO. A link to their privacy notice can be found in Annex A.

This information is not made available to any staff outside our recruitment team (including hiring managers) in a way which can identify you. This information is anonymised after six months and retained for reporting purposes only.

Equality and diversity networks

Our equality and diversity networks; Women and Allies, Pride, REACH, Healthy Minds and Access Inclusion help to raise awareness of equality and diversity issues across the ICO and contribute to the development of our internal policies, procedures and practices.
Any information you share with the networks will be treated by them in confidence. Network representatives may signpost you to other ICO staff, for example HR colleagues, or appropriate third party services. Your information will only be shared by the networks with a third party if you agree to this or it is necessary to protect your vital interests or those of another person.

**Workforce Development and Planning**

Our Workforce and Development and Planning department use online learning platforms such as Civil Service Learning for the facilitation of its work related courses. We also use Learning Pool. Links to their privacy notices can be found in Annex A. We will share some information about you with these providers both prior to you joining the ICO and during your employment to ensure you have the necessary access to complete training required for your role.

We will also share information about you with our training providers. For example this will include information such as your name, contact details and job role. When necessary we will also share information about any dietary or access requirements that you might have when you attend training events.

**Resources to help with your work**

We provide access to memberships to professional bodies and journal subscriptions for the use as a resource to help you with your work. Any personal information shared with these organisations will be used to allow you to use those resources. The use of the resources should only be within the suppliers’ terms and conditions and in line with our code of conduct.

Our memberships and subscriptions privacy notices can be accessed via the following links:

- BSI, BSOL and Standards development portal
- Police Professional
- IAPP
- Health Service Journal
- MLEX
- Biometrics Institute
- Occupational health
During your employment you may be referred to occupational health following a request to HR by you or your line manager. This may result in a face-to-face consultation, a telephone appointment with an occupational healthcare professional and/or a medical report from a GP or specialist.

We use Health Management Limited (HML) to provide our occupational health service. The information you provide will be held by HML, who will give us a fit to work certificate or a report with recommendations. A link to their privacy notice can be found in Annex A.

HML act as our data processor in respect of our historic records that have not been used in relation to new referrals. In respect of new referrals which require HML to determine the means and purposes of processing HML is the data controller and the ICO is the controller for the information it generates and receives from HML in relation to referrals.

BUPA Occupational Health Ltd also provides health checks and screening service and eye tests. A link to their privacy notice can be found in Annex A.

Clare and Illingworth provide eye tests for our employees and will share information with us about your eye examinations.

Trade Union Membership

The recognised unions at the ICO (the PCS and the FDA) are controllers for the personal information connected to your union membership. The ICO holds some PCS union subscription details in order to process salary deductions for union membership for which you will have given your consent.

Monitoring of staff

All of our ICT systems, EDRM system and the swipe access system for the entry and exit of our premises are auditable and can be monitored, though we don’t do so routinely.

We are committed to respecting individual users’ reasonable expectations of privacy concerning the use of our ICT systems and equipment. However, we reserve the right to log and monitor such use in line with our Acceptable Use Standard.

Any targeted monitoring of staff will take place within the context of our disciplinary procedures.

Staff involved in criminal enforcement
If you are involved with the process of criminal enforcement - some staff in Legal, Intelligence or the Financial Recovery Unit - we monitor and log your access to the information being processed.

Part 3 of the Data Protection Act 2018, which concerns law enforcement processing requires us to keep logs. Section 62 states that these logs that make it possible to establish the identity of the person who consulted the data, the date and time it was consulted and the justification for doing so. Beyond this, the logs must make it possible to establish the identity of the person disclosing the data, the date and time it occurred and the identity of the recipients. These logs will be kept to assist with self-monitoring by the ICO, including internal disciplinary proceedings, verifying the lawfulness of the processing, ensuring the integrity and security of personal data, and for the purposes of criminal or regulatory proceedings.

Financial monitoring

We use a financial accounting system (Microsoft Dynamics GP) to log every financial transaction. This includes any transactions or loans made by or to staff. If an outstanding debt by a member of staff is highlighted via this process, the ICO will use this information to take steps to recover the outstanding amount.

Security clearance

Basic security checks and / or advanced checks based on your role in line with the Baseline Personnel Security Standards and the government Security Policy Framework are carried out by HMRC on our behalf.

The ICO’s security clearance applications are processed by HMRC. Scottish applicants are required to complete a Basic Disclosure check via Disclosure Scotland.

In addition some staff are required to get Security Clearance, Developed Vetting (DV) or a Counter Terrorist Check (CTC) which is also carried out by HMRC. The outcome of these checks are stored on our systems.

Security passes

All staff are all issued with a security pass that displays their name, department, staff reference number and photograph. Staff pass details (names, numbers and photographs) are held on a standalone machine controlled by Facilities and can only be accessed by a restricted number of people. Photographs are uploaded to Minfo by HR staff. Should you lose your pass you will need to complete a lost security pass form and return it
to Facilities. When you leave the ICO your details are deleted as soon as possible from this system.

**CCTV**

We operate CCTV inside our Wilmslow premises to monitor access to certain areas of the office. Further information is available in our CCTV policy.

Additionally staff working in Wilmslow, regional and London offices may be filmed by CCTV which is owned and operated by the landlords or owners of the buildings in which our offices are situated. The ICO is not the data controller for this information.

**Disclosures under the Freedom of Information Act**

As a public authority we receive information requests under the Freedom of Information Act (2000) about our staff and we must consider whether to disclose staff information (including agency and temporary staff) in response to these requests.

We will normally disclose work-related information about staff in a public-facing role. We may also disclose information about staff members whose work is purely administrative if their names are routinely sent out externally.

It is less likely that information about those who do not deal directly with the public in an operational capacity will be disclosed. The Executive Team and the Senior Leadership Team will have more information disclosed about them, such as photographs and biographical detail, due to their position at the ICO.

We will consider withholding information if we think that it will prejudice our regulatory role or the rights and safety of our staff, irrespective of grade or position.

The type of information you can expect we will disclose is as follows:

- Name and work contact details.
- Pay bands (not your exact salary).
- How long you have worked at the ICO, your current role, any previous roles or secondments and what your role involves.
- Your position in the corporate structure.
- Business related entries in your diary/calendar.
- Summaries of expense claims without details of where you stayed, where you ate or your itinerary.
- Any work related training at the ICO.
• Any work related opinions, for example case notes containing your opinion about an investigation or a complainant

The list above does not include every area where we might disclose information about you. The type of information provided will only concern your professional life at the ICO. We will not disclose non-work related personal or special category data.

When we are asked to disclose diary or calendar information due consideration will be given to the safety of our staff. Where this information is requested outside of an FOI request our staff are advised to consult with their manager before sharing information about a staff member, especially when it concerns movements or whereabouts.

We will consult with you prior to deciding whether to disclose any information that we consider would not be within your reasonable expectations.

Before you begin working at the ICO, contact HR if you need to make us aware of a specific reason why your information cannot be provided as part of a disclosure. At any later point, if you have any concerns about information being released you need to inform us of this fact.

Requests for references

If you leave, or are thinking of leaving, we may be asked by your new or prospective employers to provide a reference. For example we may be asked to confirm the dates of your employment or your job role. If you are still employed by us at the time the request for a reference is received we will discuss this with you before providing this.

Car Sharing

The ICO Green Group operates a car sharing scheme with the aim of reducing our carbon emissions. If you sign up to this scheme then you will need to provide your name, place of work and some generalised information about your home location and the route you travel to work. Staff are discouraged from sharing their full home address as this information is published to all staff so colleagues interested in car sharing can identify suitable matches. Signing up for the scheme is voluntary and participants can withdraw and delete the information they provided at any time. The information will be kept for 12 months after the entry is last modified.
Annex A – Data Processors

Data processors are third parties who provide certain parts of our staff services for us. We have contracts in place with them and they cannot do anything with your personal information unless we have instructed them to do so. Our current data processors are listed below.
