

Freedom of Information Act 2000 (FOIA)

Decision notice

Date: **8 September 2023**

Public Authority: **UK Health Security Agency**

Address: **10 South Colonnade
London
E14 4PU**

Decision (including any steps ordered)

1. The complainant requested correspondence between Public Health England and the UK IPC cell from the UK Health Security Agency (the public authority). By the date of this notice the public authority had not issued a substantive response to this request.
2. The Commissioner's decision is that the public authority has breached section 10(1) of FOIA in that it failed to provide a valid response to the request within the statutory time frame of 20 working days.
3. The Commissioner requires the public authority to take the following step to ensure compliance with the legislation.
 - The public authority must provide a substantive response to the request in accordance with its obligations under FOIA.
4. The public authority must take this step within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of FOIA and may be dealt with as a contempt of court.

Request and response

5. On 13 June 2023, the complainant wrote to the public authority and requested information in the following terms:

"Could you please provide all e mail correspondence between Public Health England and the UK IPC cell between the dates 17 March 2020 and 6 April 2020 inclusive . As this is only a 3 week period and a simple automated exercise there is no reason that this should exceed any cost restraints .

This information is obviously in the public interest as it is the period PHE were involved with the IPC cell in formulating health and safety guidance for thousands of healthcare professionals."

Reasons for decision

6. Section 1(1) of FOIA states that:

"Any person making a request for information to a public authority is entitled –

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him."

7. Section 10(1) of FOIA states that a public authority must respond to a request promptly and "not later than the twentieth working day following the date of receipt".
8. On 23 August 2023 the Commissioner wrote to the public authority, reminding it of its responsibilities and asking it to provide a substantive response to the complainant's request within 10 working days.
9. Despite this intervention the public authority has failed to respond to the complainant.
10. From the evidence provided to the Commissioner in this case, it is clear that the public authority did not deal with the request for information in accordance with FOIA. The Commissioner finds that the public authority has breached section 10(1) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with FOIA.
