pursuant to section 54 of FOIA and may be dealt with as a contempt of court.

Request and response

5. On 26 July 2023, the complainant wrote to the public authority and requested information in the following terms:

"I'm now requesting a Freedom of information of ethnicity of those housed into a 3bedroom property in the last 6months from African and Caribbean decent in [sic] opposed to Pakistani, Indian, Bangladeshi and White British."

6. On 11 September 2023 as part of a response to the complainant on other issues, LBRC responded as follows:

"In relation to your freedom of information request, we have had to request a specialist report given the specific parameters you have given. We have made the request and we endeavour in [sic] send this report to you week ending 15/09/2023."

Reasons for decision

7. Section 1(1) of FOIA states that:

"Any person making a request for information to a public authority is entitled –

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him."

8. Section 10(1) of FOIA states that a public authority must respond to a request promptly and "not later than the twentieth working day following the date of receipt".

9. On 4 October 2023 the Commissioner wrote to the public authority, reminding it of its responsibilities and asking it to provide a substantive response to the complainant's request within 10 working days.

10. Despite this intervention the public authority has failed to respond to the complainant.

11. From the evidence provided to the Commissioner in this case, it is clear that the public authority did not deal with the request for information in accordance with FOIA. The Commissioner finds that the public authority has breached section 10(1) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with FOIA.
