 - Issue a substantive response to the request in accordance with its obligations under the EIR.¹

Request and response

5. On 20 March 2024, the complainant made the following request for information to the public authority:

"Specifically, my query relates to the A56 Dunham Road in Bowdon (approx. 60 metres from the junction of Bow Green Road, travelling from Altrincham towards the M56)

Please can you send me:

- 1) A copy of your current road maintenance policy relating to that road. Please send me the full policy, but this should include details of the intended frequency of road safety inspections, how these inspections should be conducted and the maximum time between identification of a defect and repairs being carried out.
- 2) A copy of the road repair history for that road over the past year. Again, please send me the full road repair history, but this should include dates of all safety inspections between: 1st January 2024 to 1st March 2024.
 - details of how safety inspections were undertaken (walked or driven, speed of inspection vehicle etc)
 - details of all carriageway defects identified, with description, date and time.
 - details of how the authority handled these defects, what repairs were undertaken and the time between the identification of each defect and a repair being carried out."

Reasons for decision

6. Regulation 5(1) of the EIR states that:

"a public authority that holds environmental information shall make it available on request."

7. Regulation 5(2) of the EIR states that:

"Information shall be made available under paragraph (1) as soon as possible and no later than 20 working days after the date of receipt of the request."

8. The Commissioner contacted the public authority on 22 May 2024 reminding it of its responsibilities and asking it to provide a substantive response to the complainant within 10 working days. Despite this intervention the public authority has failed to respond to the complainant.

9. From the evidence provided to the Commissioner in this case, it is clear that the public authority did not deal with the request for information in accordance with the EIR. The Commissioner's decision is that the public authority has breached regulation 5(2) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with the EIR.
